

PRODUCT SPECIFICATION

Model No.: YI-T8-02860

Features

- High brightness with good efficiency & reliability
- Excellent heat dissipation, Stable quality
- Apply with a special lens generating good light shape and uniformity 100% direct replacement.
- Reliable and Green energy, meet RoHs.
- Low power consumption, environment protection
- No UV radiation

Specification ※若無特別標示,則公差為正負10%.

※LED 消耗功率 (LED Power Consumption) $32W \pm 10\%$

※光通量 (Lumen) 2500 lm

※演色性(CRI) >70

※色溫 (Color Temperature) $6000K \pm 500K$

※發光角度 (Beam Spread Angle) 120°

※輸入電壓 (Input Voltage) 110Vac / 220Vac

※操作溫度 (Operation Temperature) 0°C ~ +40°C

※平均重量 (Average Weight) 3.72Kg
